In accordance with your request, we respectfully submit the following propositions for lighting the City of Ft Wayne with Arc Lamps;

We will renew the contract for the term of three years on the basis of One hundred and Thirty Dollars ($130) per lamp per annum; ~~for ten years from~~ for five Years, for one hundred and Twenty Five

Dollars ($125) per lamp, per annum, and for ten Years for One hundred and Ninety Dollars per lamp - per annum.

This Company has recently acquired Exclusive Control of the Feeder Canal and reservoir, not only for power purposes as heretofore but absolute title for all purposes.

Without wishing to raise the question as to whether or not the water supply for the City is sufficient, but admitting that it is ample, as we know it is good, We still feel that in case of sudden emergencies, such as a large Conflagration, it would be very desirable for the City water works, to be connected with an unlimited supply of water.

We therefore, in addition to making the price on lights as named, agree to Embody in the Contract a clause giving to the City the right without additional cost, to connect their present basin by a system of pipes with the reservoir connecting with the Feeder Canal, and to use all the water they may need at any time for fire supply during the term of said Contract or any renewals thereof.

Respectfully Submitted
Jennie Electric Light & Power Co
by R T McDonald
Vice President

Moved that we hold the matter of the proposal to light the City by Electricity from the Jennie Electric Light & Power Co, for further discussion, and until our Meeting Friday 22nd

adopted.

Recess.

June 18 1894

Reassembled at 7.30 P.M.

Present T. D. Dribbis, Levi Griffith Willis Hattersley; and Benj Nicholas City atty. J. C. B. Oakley Clerk

Whereupon, Mr Henry Hanna attorney for the Cl. St Clair R. Way Co. present the following contract and ordinance for consideration of the Board of Public Works, to wit: General Ordinance No 1. Entitled, an ordinance relating to the Construction and maintenance of a double track on Superior Street, and Spy Run Ave; from the East line of Calhoun Street to within 50 feet of the Bridge, and a siggle track from this point to the Bridge crossing the Saint Mary's River, &c for full particulars see Council proceedings, pge - - 1894

Whereupon all parties to the contract to wit: the Cl St Clair St R Way Co. through their Attorney Henry C Hanna also the Board of Public Works & the City Attorney Benj. Nicholas. having expressed their entire satisfaction and agreement to the Contract and Ordinance, the same was signed by the Members of the Board of Public Works, and ordered to be presented to the Common Council for their adoption.

Resolved - That we approve the contract and Ordinance granting to the Cl St Clair R. Way Co the right to construct a double track R. Way on Superior Street and Spy Run Ave, as per General Ordinance No 1; and order the same to be presented to the Common Council for their adoption.

C B Oakley Mayor and Benj. F. Ninde
City Attorney.

The matter of the Crematory test
being under consideration the report of
Mr Nelson Thompson was read, as
follows:

Ft Wayne July 11 - 1894

and now to wit:

The Board of Public Works, on
July 11th 1894, operated the Crematory under
test conditions and obtained the following
results,

I Nelson Thompson appointed by the
Board to inspect and supervise the
test of the Crematory, report the quantity of
Garbage and Coal consumed and time
occupied ~~reports~~ as follows,

Garbage Cremated		Time
2320 lbs	occupied	40 min
4670 "	"	150 min
3660 "	"	210 "
3860 "	"	180 "

Coal Consumed
1810 lbs in 10 hours

Signed
Nelson Thompson

Be it Resolved; by the Board of Public Works
of the City of Fort Wayne Ind, That -
Whereas; we the Board, have this day
made an official test of the Crematory,
agreed to be erected by A. G. Smith, under
a certain contract made with the City

July 1st 1894 Cont'd

of Fort Wayne by said Sly Smith; on the 12th day of Dec 1893, and whereas after a fair and impartial test, of said Crematory, we find, that said Crematory does not meet the requirments set forth in said Contract, in this to wit:

1st That instead of the nominal capacity of the 'Retort' of said crematory being 2 1/2 tons of Garbage per hour and which if the occasion should arise could be increased to 4 tons per hour, the test demonstrates that the highest capacity of said Retort is less than One (1) ton per hour.

2nd That instead of said Crematory consuming 1/2 a ton of Coal per day it consumed 1 4/5 tons of Coal per day.

3rd That instead of said Crematory incinerating 14510 lbs of Garbage by consuming 1/2 ton of Coal, it takes 1810 lbs of Coal to do said work.

4th That said Crematory is incomplete for the reason, that there is no 'Night Soil' tank or connections belonging to the same, placed in said Crematory.

5th That said building in which said Crematory is situated, is incomplete in this, to wit: That the Window frames and Door frames are not painted.

6th That instead of there being placed in said Crematory a new and first class 'blower', there is an old and worn out and second hand 'blower', the same being unsatisfactory.

Therefore we the Board of Public Works hereby reject and refuse to accept said Crematory for the reasons herein stated and

July 11th 1894, Cont'd

adopted

An Assessment Roll for improving the side walks on the north side of Washington St with brick from Walton Avenue to Grant Ave William H Oetting Contr

Adopted

Fort Wayne, Ind. July, 13th. 1894.

TO THE BOARD OF PUBLIC WORKS,

CITY OF FORT WAYNE.

GENTLEMEN:-

I wish again to call your attention to the state of the Public Lights' appropriation.

My estimate for this purpose until Dec. 31st, 1894, $15000 or for 9 months(as April was unpaid) equaling $1666 per month. For three months ending June 30 th. I have paid out of this appropriation $6482.80 or $2160 per month, being $500 per month more than the estimate.

At this rate, if we had all the estimate available, it would run out before the end of October, leaving two of the darkest months unprovided for.

The amount of cash available for this appropriation was estimated at $10000 until after the November payment. You can readily see that as $6482 has been drawn from the $10000 it leaves virtually $4000 for the next four months, and I hereby notify you I shall not draw any warrants to exceed $1000 per month until after October or I find the state of the Finances justifies it.

Respectfully Yours,

J. H. Simonson

Comptroller.

Communication from J. V. Simonson Comptroller informing the Finance, appropriated for the City Lighting, was read and filed.

Moved the Clerk be instructed to notify the Jenney Electric Light & P. Co. to cause to be shut off One Hundred and Twelve lights, (112) as per provisions of Contract entered into the 2 June 1894, said lights to be shut off from the 15th day of July 1894 until further notice, adopted

the list of lights as located are on record in Copying Press book.

Adjourned.

Copy of Communication from City Comptroller

Fort Wayne Ind

To the Board of Public Works July 13th 1894

City of Fort Wayne

Gentlemen;

I wish again to call your attention to the State of the Public Lights appropriation.

My Estimate for this purpose until Dec, 31st, 1894, $15000 or for (9) Months (as April was unpaid) Equalling $1666 per month. for three Months Ending June 30th I have paid out of this appropriation $6482, 80 or $2160 per Month. Being $500 per month More than the Estimate.

At this rate, if we had all the Estimate available, it would run out before the end of October, leaving two of the darkest months unprovided for.

The amount of Cash available for this appropriation was estimated at $10,000 until after the November payment. You can readily see that as $6482, has already been drawn from the $10000 it leaves virtually $4000 for the next four months, and I hereby notify You. I shall not draw any warrants to exceed $1000 per month until after October or I find the State of the Finances justifies it.

Respectfully Yours

J. V. Simonson Comptroller

Fort Wayne

Crematory

Be it Resolved by the Board of Public Works of the City of Fort Wayne Ind. That. Whereas the said Board did on the 20th day of July 1894 = make a further list of the Garbage Crematory erected by Slyfield Contractor; in accordance with the request of the representatives of said Contractor, and in accordance with the Resolution adopted by said Board the 20th day of July 1894, in reference to the further list of said Crematory, and Whereas; said Board did on said day give said Crematory a fair and impartial test, the same being superintended and operated and controlled by said representatives,

Whereas said Crematory as demonstrated by said test, does not, meet the requirments and conditions of the Contract, under which said Crematory was Erected, in this to wit;

1st That instead of said Crematory being able to incinerate 12 1/2 tons of Garbage in 5 hours with a consumption of 1/4 of a ton of Coal, it took 12 hundred lbs of Coal and 5 hours to incinerate about 5 1/2 tons of garbage.

2nd That the Building and Construction of said Crematory is not in accordance with the Cross Sections as shown on the blue print now on file in the office of the Board of Public Works

3rd Therefore we the said Board at a regular Meeting held July 23rd 1894 do hereby Reject and refuse to accept said Crematory and order the Clerk to transmit a copy of this Resolution to the Representatives of said Crematory adopted

Ft Wayne, Sept 24. 1894

To the Honorable, the Board of Public Works

Gentlemen:-

Your petitioner, the Fort Wayne District Telegraph Co, operating under a Franchise granted by the City of Fort Wayne 1896, Recorded in Miscellaneous Ordinance Book No. 3, pages 167, 168, 169 and 170, respectfully petitions Your Honorable Board to obtain by contract with the City of Fort Wayne, the right of placing telephones and erecting and maintaining telephone exchanges in said City, and erecting and maintaining such appliances and devices as may be necessary for the operation of the same in said City.

Petitioner further petitions your Honorable Board, should you deem it expedient to grant the contract to the said Company, that an Ordinance be prepared and presented to the Common Council of the City of Fort Wayne, ratifying said contract and legalizing said extension of the Franchise as required by law.

Signed

Fort Wayne District Telegraph Co
by R T McDonald Pres
& E Gilmartin V.P.

Moved the petition of Ft Wayne Dist Telegraph Co be referred to the City attorney adopted

adopted.

Continued
Sept 24-1894

Moved the communication from W H Goshorn Bridge Supt. Allen Co. be ~~placed~~ read upon Record

To the Hon the Board of Public Works

Gentlemen:

In accordance with your instructions we examined the Clinton St. Bridge and beg leave to report as follows:

The bridge is in good condition except the wooden floor which is some what decayed, but having been repaired by the Supt. of Streets, will last till next season.

This bridge was constructed principally for the purpose of giving access to the City property in City Park addition in 1878. the north span was rebuilt by the County.

Residents of the North eastern part of the County are now circulating a petition to be presented to the County Commissioners asking to have a high way established from the Pfeiffer Gravel Road along the Feeder Canal to the west bank of Spy Run; thence south by the Pump House to the Clinton Street Bridge. In view of the above facts a bridge of greater width and capacity would be required. The old spans can be used on County roads where the travel and traffic are lighter.

Respectfully Submitted

W H Goshorn Bridge Supt
Allen Co

Abstract of Minute in the matter of the WIDENING of SAINT MARYS AVENUE,

DECLARATORY RESOLUTION NO .3. 1894.

BE IT RESOLVED :- By the Board of Public Works, of the City of Fort Wayne Indiana. that it is desired and deemed necessary to Widen St Marys Avenue, in the City of Fort Wayne, in the County of Allen and State of Indiana, to the ~~width~~ uniform width of sixty six feet,(66f), from the north property line of Pape Avenue to a line running along the center of Burgess St, and extending east until it intersects the east property line of Saint Marys Avenue. by condeming and appropriating for such purpose sufficient lots and lands described as follows:
To wit :- a strip of ground seventeen and one half (17 1/2) feet in width extending from the north property line of PAPE Avenue to said center line of Burgess Street, extending east to the east property line of Saint Marys Avenue.
See Dec. Res. Rec. No.1.Pge.2. Adopted.

MOVED:-the Clerk be instructed to cause to be advertised Decl Res. No 3. in the Fort Wayne Gazette, on the 7th, and 14th, days of August 1894, and the date for hearing remonstrances be fixed on the 24th day of August 1894 at 7.30. P.M.

Adopted.

And now the matter of the hearing of remonstrances against the widening of Saint Marys Avenue, and the further consideration of Decl Res. No.3. fixed for this the 24th day of Auguest, 1894. it was MOVED that we continue the hearing until our next regular meeting.

Adopted.

And now August the 31st 1894. the date fixed to hear remonstrances in the matter of the widening of Saint Marys Avenue, Mr Charles Pape appeared and remonstrated against said widening of Saint Marys Avenue; ~~also filed a remonstrance containing~~ ~~names~~, there being some reasons given and objections offered and propositions made by Mr C. Pape. the Board concluded to view and investigate further.

MOVED -that the Board of Public Works, continue the hearing and reserve its decision until our next regular meeting.

Sept 4th 1894. Adopted.

The matter of the hearing of remonstrances and further consideration of the widening of Saint Marys Avenue, recurring as per continuance of former meeting, Mr C. Pape. present and remonstrated, also filed a remonstrance containing 24 names,

MOVED :- that the Board pospone final action upon the matter of widening St Marys Ave, until next regular meeting.

Adopted.

And now, the matter of the widening of Saint Marys Avenue in accordance with Dec.l Res. No.3. having been posponed to the 7th day of Sept 1894. again recurring, and there being no further remonstrances, and the Board having viewed and investigated the points set forth by former remonstrances; the Board then and there took final action, ~~confirming and approving said original resolution~~ and specifications as adopted on the 30th day of July 1894.

MOVED:- that we do now take final action in the matter of the adoption of Dec. Res. No.3. by approving and confirming said original resolution.

Adopted.

ORDER OF PROCEEDINGS OF THE BOARD OF PUBLIC TO MAKE PUBLIC STREET? ALLEY OR SIDEWALK IMPROVEMENTS :

Petition comes before the Board. This, however, is not a necessary thing to start an improvement.

---o---

The Board grants the petition and orders the City Eng. to prepare necessary resolution, profile and specifications.

The Eng. submits resolution, profile and specifications to B P W for adoption.

The Board adopts papers.

The Clerk makes legal advertisement of adoption of resolution and specifications. Notice published once each week for 2 weeks in a daily paper.

At end of two weeks Board meets on the day named in advertisement to hear remonstrances, from persons interested in or affected thereby. If the Board desires to continue the proceedings for the improvement, they confirm all former action, and confirm the resolution as passed. This is a time set on which modifications can be made if desired.

Wait 10 days after final action is taken for 2/3 of the resident property owners abutting the street to file remonstrance.

At the end of 10 full days insert legal advertisement to "Notice to Contractors" In this notice give full 10 days notice.

Bids received on the day named.

Contract made and entered into.

Work completed w en Engineer submits an assessment roll to the Board for their approval. The Board approves Assessment Roll and allows a Final Estimate.
